Barn Cats
Barn Cats are the “Clint Eastwoods” of cats… hearty, healthy, tough, and ready to earn their keep! Barn Cats help “naturally” and affordably control rodent problems. By placing these Barn Cats, they are given a job and a second chance to do what they do best. Barn Cats save you money by eliminating and discouraging rodents from scavenging and nesting near your feed, crops, and home, without poisons or messy traps and glue pads.

We provide you with healthy, vaccinated, and fixed cats while you provide food, water, shelter, and basic humane care for Barn Cats in exchange for a rodent-free barn and property.

Please call our Cat Department Manager Lynn at (302) 442-1095 to set up an “interview” with our working cats!
